THE BIO SCULPTURE ADVANTAGE

Since 1988, Bio Sculpture has developed professional nail care systems, centred around natural nail health. Designed around a prescriptive approach, Bio Sculpture treatments are tailored according to individual nail type, condition and length. Bio Sculpture professional systems are supported by comprehensive training and ongoing support, giving nail technicians the products, knowledge and confidence to deliver lasting results.

CAREER TRAINING

Bio Sculpture's comprehensive training equips nail technicians to deliver personalised treatments that prioritise nail health. By analysing each client's unique needs, we provide solutions beyond traditional methods. Focusing on long lasting results and advanced techniques, nail technicians are empowered to build successful careers. Access to premium products, ongoing support and flexible work opportunities further enhance professional growth.

Professional Career Training

A 5 day course structured for both experienced and new nail technicians, who wish to become a Bio Sculpture nail technician. Training modules offer each nail technician comprehensive training in Natural Nail Treatments as well as Spa product knowledge, Bio Sculpture Gel product application, basic nail extensions, Full Cover Tips and product removal.

Conversion to Bio Sculpture

Conversion Training is structured for an experienced nail technician who seeks brand training to use and purchase professional Bio Sculpture gel products. Technicians will receive comprehensive training in Natural Nail Treatments as well as Spa product knowledge, Bio Sculpture Gel product application, basic nail extensions, Full Cover Tips and product removal.

E-File Training

E-File Training is a 1 day course structured for Bio Sculpture trained technicians and experienced nail technicians. Technicians will receive comprehensive training in the E-File system, gel removal, nail plate prep, dry gel shaping, fills and finishing touches.

Bi-Olygel Training

A 1 day course structured for Bio Sculpture trained technicians and experienced nail technicians in a similar product training background. Technicians will receive comprehensive training in natural nail care, treatments, Bi-Olygel product application, form sculptures, moulded sculptures and product removal.

Nail Art Training

Nail Art is continuously evolving and becoming increasingly popular in the nail industry. Nail Art is an artistic and uniquely creative way to paint, gel, build, enhance, embellish and decorate nails. Learn how to use Bio Sculpture's wide range of nail art products in this 1 day nail art training designed to help you master nail art designs and techniques starting from basic to advanced.

Summer Heel Training

A 1 day course structured for Bio Sculpture trained technicians and experienced nail technicians. This programme equips professionals with a comprehensive understanding and the effective application of the Bio Sculpture Summer Heel system for superior callus removal. Additionally, the programme delves into aftercare protocols and retail recommendations for optimal results and client satisfaction.

BIOGEL

The Bio Sculpture Biogel range is the original professional soak-off gel system in a jar, centred around natural nail health.
Biogel offers specialised treatment gels selected according to individual nail type and treatment needs. A prescriptive approach provides tailored base, strengthening and lengthening solutions in a durable, chip-resistant finish.
Available in more than 200 colours.

Soft Gel

Base layer and upper arch strengthening layer for soft, flexible nails. Soft Gel provides strength and support to the nail, yet still complementing the natural nails flexibility. Ideal to seal nail art/ French overlay.

4.5 g: 12_4
10 g: 12_10
25 g: 12_25

Base Gel

Original Base Gel. Base layer promoting good and long lasting product adhesion to the natural nail. Base layer and upper arch strengthening layer for healthy nails. Base Gel provides strength and support to the nail, yet still complementing the flexibility of the natural nail. Ideal to saturate silk.

4.5 g: 09_4
10 g: 09_10
25 g: 09_25

Conditioning Gel+

Conditioning Gel is a specialised base gel which offers extraordinary adhesion for thin, sore, damaged, dry and distressed nails. This enriched base gel conditions the nail plate, promoting nail health in a concealer-foundation colour. See results after just one application.

4.5 g: 27/5
10 g: 27/10
25 g: 27/25

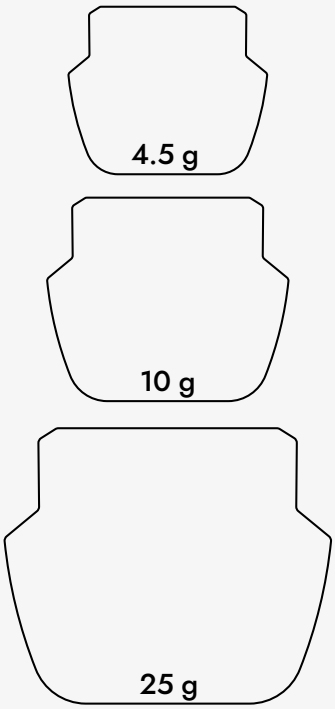

Builder Gel

The ultimate soakable hard base and builder gel, with embedded fibres for effective self-levelling and exceptional strength, applied in a thin and smooth application.

4.5 g: 28/4
10 g: 28/10
25 g: 28/25

Selected Bases, Builders and Top Coats are available in:

Apex Gel

Designed to create supreme strength, with a firm viscosity for creative wet gel shaping. The innovative technology of Apex Gel allows it to be applied as an upper arch strengthening layer on medium to hard nails, or as a strong support on long nails and extensions.

4.5 g: 25/5
10 g: 25/10
25 g: 25/25

Free-Edge Gel

Firm texture lengthening gel used to create form and silk sculpture applications, in a natural free edge colour. Provides a strong and durable free edge finish in various nail shapes and lengths.

4.5 g: 14_4
10 g: 14_10
25 g: 14_25

Gloss Gel

Protective high gloss, scratch resistant gel finish to all overlay applications. Suitable for all nail types and keeps the overlay looking beautiful for weeks.

4.5 g: 13_4
10 g: 13_10
25 g: 13_25

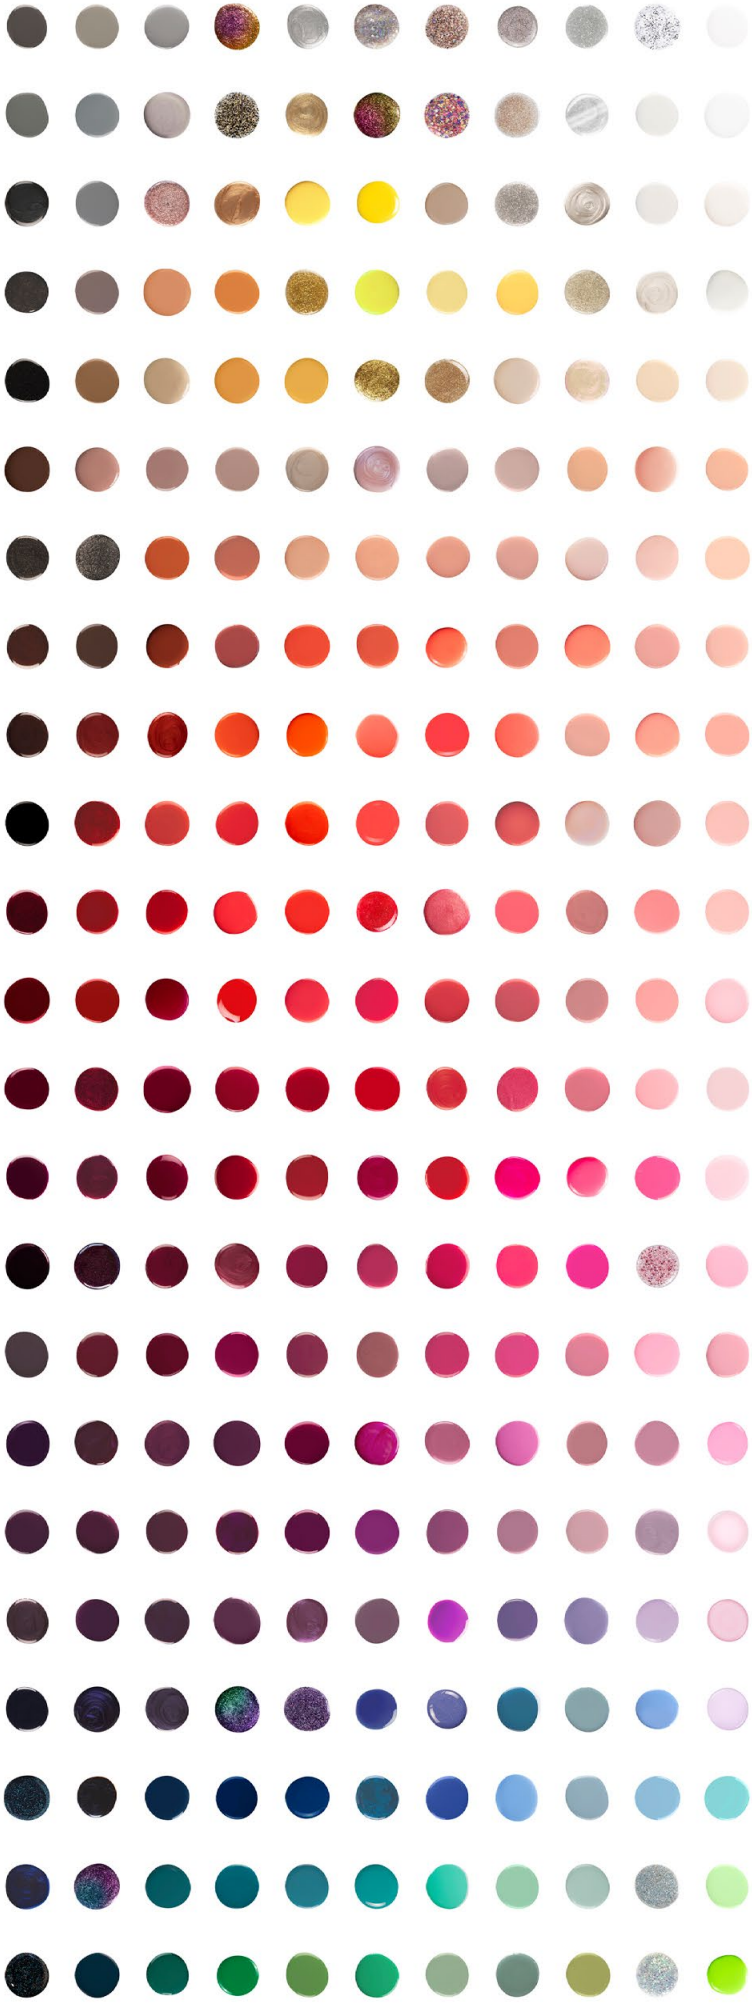

Biogel Colours

Biogel Colour Gel is durable, chip resistant and self-levelling. Nail art and overlay possibilities are endless.

www.biosculpture.com/products/biogel/biogel-colours/

COLOUR BUILDER GEL

Bio Sculpture's Colour Builder Gel combines strength, colour and application efficiency in an easy soak-off formula. Each shade builds strength and structure while adding colour in a thin, natural-looking finish with lasting durability. The self-levelling formula supports efficient professional application with a quick 30-second LED cure.

Snow

A crisp, dense white with a bright finish.

14 ml: 200CBG001

Cotton

A soft white with a subtle blue-silver shimmer.

14 ml: 200CBG002

Angel

A transparent pink with a delicate gold sparkle.

14 ml: 200CBG003

Candy

A soft sheer, gentle light pink.

14 ml: 200CBG004

Ballet

A sheer pink, offering a clean, fresh finish.

14 ml: 200CBG011

Peony

A natural pink with delicate creamy undertones.

14 ml: 200CBG012

Petal

A warm, peach-kissed pink.

14 ml: 200CBG013

Hush

A sheer blush nude with muted beige undertones.

14 ml: 200CBG014

Dream

A sheer, milky pink.

14 ml: 200CBG005

Wings

A soft beige nude with the perfect sheer touch.

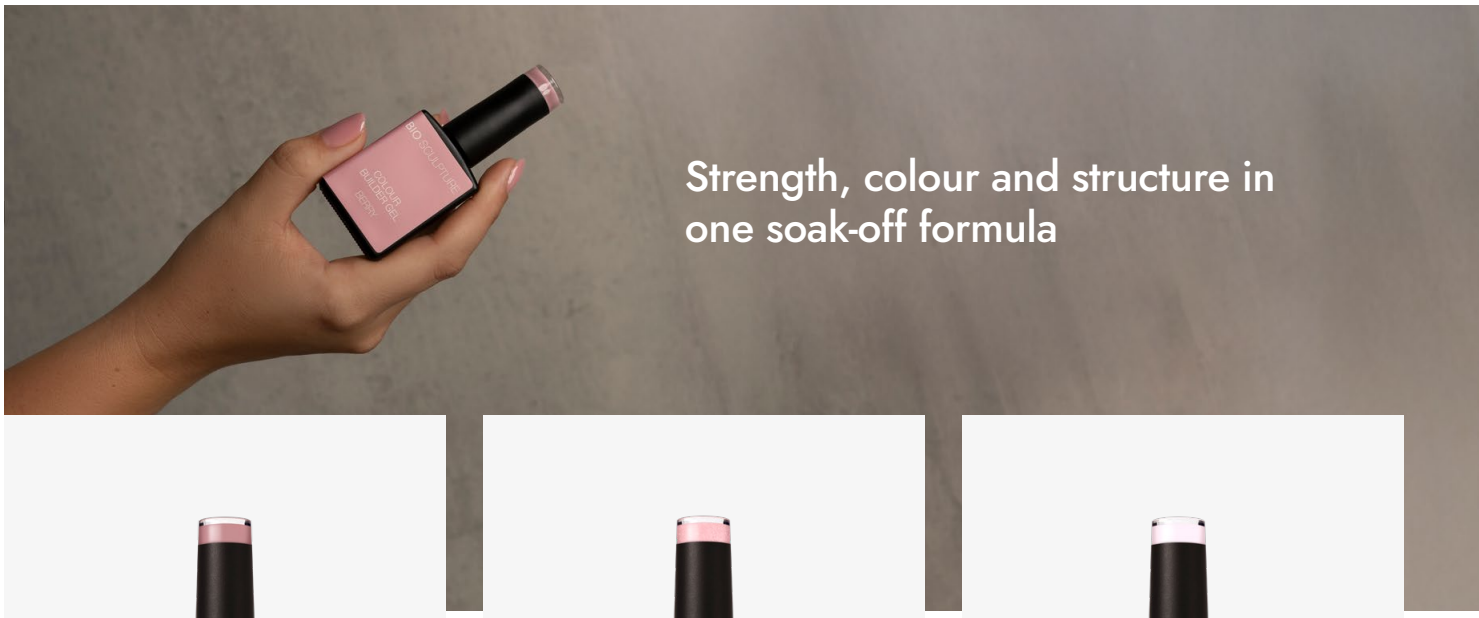

14 ml: 200CBG006

Blossom

A radiant blush pink with a peach tint.

14 ml: 200CBG007

Berry

A dusty, opaque berry pink.

14 ml: 200CBG008

Fairy

A rose pink luminated with a purple-gold shimmer.

14 ml: 200CBG009

Kiss

A milky lavender in a tranquil semi sheer finish.

14 ml: 200CBG010

TREATMENT GELS IN A BOTTLE

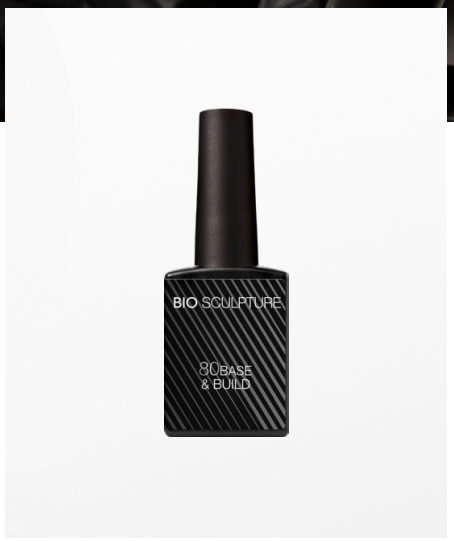

Bio Sculpture Gel is a professional soak-off gel system in a bottle. Specialised base and builder gels are selected according to individual nail type and treatment needs, providing a tailored foundation for bonding, strength, structure and length while maintaining a focus on natural nail health. Available in an extensive range of highly pigmented colours.

Flex Base

Long wear for thin, soft and flexible nails with exceptional adhesion properties.

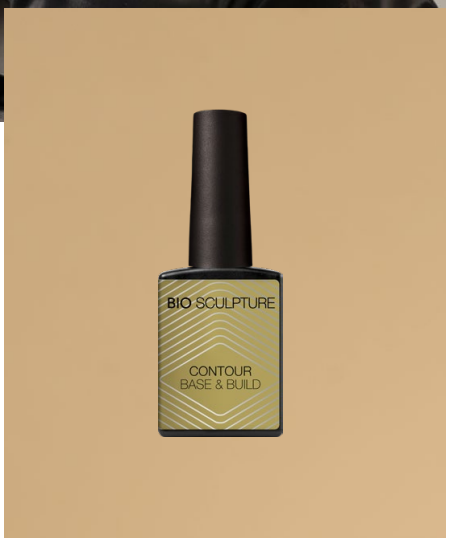

14 ml: 52/14

80Base & Build

Long wear, with unique keratin-like links. Suitable for most nail types. Strengthen short, medium and long length nails.

14 ml: 50/14

Contour Base & Build

Strengthen short, medium and long length nails or extensions. An incredibly tough base and builder gel that cures to a solid finish.

14 ml: 51/14

100% pure gel Bases, Builder Gels and Top Coats. Customised treatment for each client, focusing on nail type, condition and length, offering a long lasting application.

Natural White

Firm natural white builder gel. Lengthen the free edge of the nail. Natural free edge colour.

14 ml: 41/14

Gloss Top Coat

Long lasting high gloss finish. Applied as the final layer of a gel overlay to provide optimal shine.

14 ml: 53/14

Suede Matte Top Coat

A non-wipe top coat suitable for all nail types. It seals the gel application with a smooth, velvety matte finish.

14 ml: 56/14

Speckled Black Matte Top Coat

Provides a velvety finish with a hint of black speckles, creating a unique and captivating look.

14 ml: 55/14

Rainbow Flakes Gloss Top Coat

A holographic flake top coat with a brilliant high gloss finish, bringing some magic to your nails.

14 ml: 54/14

Chrome Catalyst

A specialised gel developed for chrome applications. It provides the cured surface required for a smooth application and effective chrome powder adhesion.

14 ml: 40/14

COLOUR GEL

Your Favourite Colour Gel - Reinvented

As the pioneers of colour gel,
Bio Sculpture introduces the evolution
from Evo Gel Polish to the new
Bio Sculpture Colour Gel range.

Made with Care

Allergy Tested

Healthy nail care you can trust
Hema-free & TPO-free

BI-OLYGEL

Bi-Olygel is a UV gel, strengthened with acrylic paste to bring out the best properties of both gel and acrylic systems, creating a firm hard gel in a 30 g tube that is easy and quick to apply.

Ice

Clear gel that can be used to create glass-like sculptures.

30 g: 200BG001

Blonde

A soft shade of nude.

30 g: 200BG003

Frost

A white French free edge gel.

30 g: 200BG002

Glow

A sheer pink that brings a healthy glow to the nail.

30 g: 200BG004

Bi-Olygel Sculpture Moulds

Create flawless extensions with Bi-Olygel using pre-shaped sculpture moulds.

100pc - 10 Sizes: TA/120/BRT

Clips

Bi-Olygel Clips are used to assist in shaping perfect C-curves when creating extreme length.

Pack of 10: UT/CLIP

PREP & ADHESION

SPS - Special Prep Solution

Special Prep Solution is a professional preparation product formulated to support Bio Sculpture gel applications. Used as the final step of nail plate preparation, SPS helps break down residual oils and impurities that ordinary cleansing may leave behind.

Suitable for all nail types, the acetone-free, acid-free, Hema-free and allergy tested formulation supports refined nail plate preparation without drying out the natural nail.

For professional use only.

15 ml: 320/15

Grip

Grip is a professional gel adhesion enhancer formulated to support Bio Sculpture gel applications. Used after SPS and before gel application, Grip enhances the gel's grip on the natural nail, helping to improve durability and retention.

Suitable for all nail types, Grip requires minimal additional application time, with no curing or drying required. It integrates seamlessly with Bio Sculpture gel systems and is especially beneficial for clients who experience product lifting.

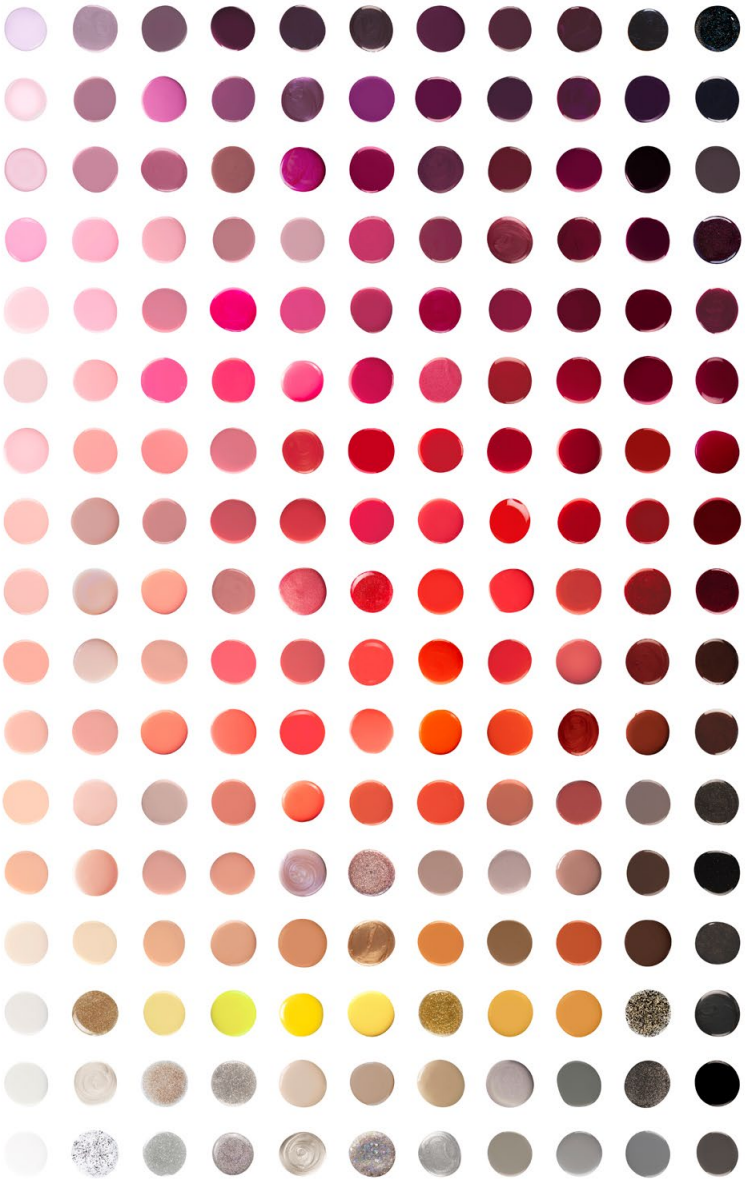

The Hema-free, acid-free and allergy tested formulation supports professional gel preparation.

For professional use only.

15 ml: 309/15

NAIL POLISH

Bio Sculpture Nail Polish brings salon standard nail care into a personal colour routine. Built around a simple three step system, the range combines rapid dry performance, extended wear and polished results through The Base, The Colour and The Top. The Colour is formulated with 85% natural origin ingredients and selected care additives including grape seed oil, macadamia oil, sunflower seed oil, agave leaf extract and vitamin E. Selected shades are matched to Bio Sculpture gel colour favourites. Holographic Top Coat and Matte Top Coat offer alternative finishes.

To view the Nail Polish range, please visit:
https://biosculpture.com/nail-polish-colours/

The Base

Bio Sculpture Nail Polish Base Coat provides stain defence while supporting smoother polish colour application. With 60 second rapid dry performance, it creates a protective base for extended wear, easier polish application and removal.

15 ml: 600/BC

The Top

Brings the finishing touch to a personal polish routine. This Nail Polish Top Coat seals polish colour while providing ultra gloss shine and a gel-like finish. With rapid dry performance, it supports extended wear and helps maintain a polished result.

15 ml: 600/TC

Holographic Top Coat

Transforms any polish colour with glazed shine.
Used over Bio Sculpture Nail Polish, it seals the final colour layer while creating a refined holographic finish.

15 ml: 600/HTC

NATURAL NAIL TREATMENTS

Bio Sculpture Natural Nail Treatments is a targeted range designed to support natural nail health through professional salon care and home maintenance. Formulated for focused nail and cuticle care, the range offers solutions for different nail types and treatment goals. Each product has a clear purpose, allowing professionals to follow a prescriptive approach while bringing professional treatment care into a personal daily routine. From preparation and repair-focused support to daily cuticle care and targeted treatment bases, the range helps maintain natural nail and cuticle health. A trusted part of Bio Sculpture's professional system, the Natural Nail Treatment range features established formulas for salon and home care.

Vitamin Dose

A vitamin-enriched nail treatment suitable for all nail types, with targeted support for weak, brittle or splitting nails. Lightweight and easily absorbed, it helps repair and restore nail health while moisturising, nourishing and strengthening the natural nail as part of an essential nail care routine.

15 ml: 303/15
50 ml: 303/50

Almond Cuticle Oil

A nourishing and hydrating cuticle oil developed to soften and moisturise dry cuticles. Suitable for all nail types, it provides daily moisture for the cuticle area and surrounding skin, helping nails and cuticles look healthy and cared for.

15 ml: 302/15
50 ml: 302/50

Golden Nail Serum

A lightweight, nut-free cuticle serum suitable for all nail types. Its non-greasy formula absorbs easily, helping moisturise and condition cuticles and surrounding skin while adding a subtle glow.

15 ml: 307/15

Blackcurrant Cuticle Oil

Rejuvenates and renews dry, dull or dehydrated cuticles. Suitable for all nail types, it softens and moisturises the cuticle area while improving the appearance of dry skin around the nail.

15 ml: 321/15

Jasmine Cuticle Oil

Soothes and replenishes dry or sensitive cuticles and surrounding skin. Suitable for all nail types, it softens the cuticle area while helping improve the appearance of dry or sensitive skin around the nail.

15 ml: 322/15

Rosehip Cuticle Oil

Brightens and balances dry, rough or dehydrated cuticles and surrounding skin. Suitable for all nail types, it smooths and softens the cuticle area while helping improve the appearance of dry skin around the nail.

15 ml: 323/15

Cuticle Remover

Specially designed to soften and remove excess cuticle. Suitable for all nail types, it supports clean, precise preparation while helping prevent the area from drying out, promoting a refined finish and improved product longevity.

15 ml: 300/15
50 ml: 300/50

Kiwi Cuticle Scrub

A gentle enzyme exfoliant that softens cuticles, smooths surrounding skin and moisturises the cuticle area. Suitable for all nail types, it refines nail preparation and can be used as a nourishing leave-on finishing treatment.

15 ml: 318/15

Executive Base

A colourless targeted treatment base developed to strengthen thin, soft nails. It helps reinforce and support the natural nail while promoting flexibility, resilience and improved resistance to chipping. Suitable for use alone or before nail polish colour.

15 ml: 305/15

Lavender Base

A targeted treatment base developed to restore and revive weak, damaged nails. It helps protect, support and care for the natural nail while providing a soft, sheer lavender finish. Suitable for use alone or before nail polish colour.

15 ml: 304/15

Seaweed Calcium Base

A targeted treatment base developed to reinforce hard, dry, brittle or ridged nails. It helps support the natural nail while smoothing ridges and surface imperfections for a more even, refined finish. Suitable for use alone or before nail polish colour.

15 ml: 317/15

Treatmist

A botanical nail care mist developed for nails requiring focused care. The lightweight formula supports nail hygiene, conditions the nail plate and surrounding skin and helps maintain healthier looking nails.

50 ml: 514/50

NAIL ART

Nail Art is continuously evolving and becoming increasingly popular in the nail industry. Bio Sculpture has a wide range of nail art products. Due to Bio Sculpture's unique texture and curing properties, intricate and detailed nail art techniques can be easily achieved.

White Screed

A sturdy white builder gel used to extend a solid white free edge and create top surface nail art designs.

10 g: 15/10
25 g: 15/25

Festive Stencils

Stencils are a quick and effective tool used with HP gels to create effortlessly beautiful nail art.
